

Be a Bead Fairy

You are the lucky recipient of a Bead Fairy box. The Bead Fairy has put all her unwanted beads and unfinished bead projects into a box and mailed them to you, a fellow beader. When you receive the box, you may take out what you want and puts in your unwanted beads. Then you can become a bead fairy and send the box on to another beader!

It is also nice (but optional) if you want to include your name and address so future recipients of the box can know where it has traveled. Maybe after it has been through ten places, the bead fairy can send it back to the original sender!

Bead Fairy #1:
